

**Solid  
Comfort**

Made in USA

## Mission Statement

Solid Comfort Inc. recognizes values including leadership, integrity and teamwork creating success for the Solid Comfort network of employees, owners and supplier partners. As a stakeholder in this partnership, SCI is committed to maintaining the principles of each brand through Knowledge, Service and Value.

### Knowledge

Understanding the market and image of each brand is a critical path to our success. SCI is committed to the continuous education of our employees and representatives to ensure we are supplying products that meet the brands' needs, designs and specification criteria. In addition, information will be continuously shared with each brand regarding new market trends, materials, and products along with various owner feedback.

### Service

Friendly, timely and accurate service is the basis for a good supplier/owner partnership. SCI realizes the relevance of this to the successful operation of each property. Development of new programs for each brand is also a service we are passionate about. We will continue to maintain the resources needed to excel in these areas.

### Value

SCI maintains value through innovation, quality, competitiveness, service, reliability and speed to market. We will remain dedicated to the best overall experience by each brand, owner and guest.
